Stillspeaking 2.0 Toolkit

Welcome to the Stillspeaking 2.0 toolkit!

It has been created especially for local church communicators in the United Church of Christ. In it you will find:

- Directions and suggestions for social media
- Graphics for social media, print, and other uses
- Help with creating or upgrading your church website
- Brand guidelines for use of the UCC logo, emblem, motto, and "God is still speaking," and graphics
- 13 Inexpensive (or free) ways to increase community awareness of your church

•

No matter your budget or level of church communication skills, you'll find help here.

"My hope is that this toolkit and any other materials we produce in this Stillspeaking 2.0 campaign will help us bring relevance and capacity to our efforts to preach this gospel of extravagant welcome," said UCC General Minister and President the Rev. John C. Dorhauer.

Let's get started . . . http://www.ucc.org/stillspeaking_toolkit

**It's true,
you really *can*
worship God
anywhere**

DO YOU?

Getting to Know :

It is easy to be a part of an Inclusive Faith Community.

We are a community seeking to grow in their faith.

We ask questions and grow together.

A community who accepts you for who you are and

Wherever you are on your faith journey.
