Proposed Vision, Mission, Purpose and Values Statements

The Joint Conference Vision and Development Team after receiving feedback from our survey, from our town meetings, interviews with the staff from both conferences and discussions with the PSEC Consistory and PNEC Board of Directors, created **draft** Vision, Mission, Purpose and Value Statements for a proposed new conference.

These were shared at our Association Meetings and at the PNEC Annual Meeting. We are asking you to reflect on these statements and share your reflections with the JCVDT so we can create a final draft for further consideration.

Reflection Questions

The work of the Conference is different from the work of the local church. Local churches are called to welcome, encourage, and nurture disciples of Jesus. The mission of the conference is to support local congregations to fulfill their calling. The conference is the wider community of congregations in relationship with one another to support the wider mission of the church.

- Do you believe a new Conference guided by these statements would integrate well with your church's work?
- How is your local congregation working to make disciples of Jesus?
- How might the combined resources and reach of a new, larger Conference support your church in those efforts?

What specific support could a new, larger Conference provide that would help you expand those efforts?
