Fleece Blankets

Every child at Camp Noah receives a tied fleece blanket to use and take home at the end of camp. The blankets are wonderful gifts, but more than that, they are a recovery tool for children, providing much needed comfort as they continue to process their disaster and/or trauma experience.

Blanket Size:

60 inches by 72 inches (approximately twin bed-sized)

Fairness is very important to children, so we ask that all blankets be as close to this size as possible.

Preferred Fabrics:

Please use youth appropriate fabrics, typically toward the older end of the childhood spectrum. Bright, gender-neutral fabrics work the best, and please stay away from very specifically themed prints (e.g. sports, Disney, hunting, etc.). Campers range in age from 6 to 12.

Basic Instructions:

1. Purchase two 2-yard pieces of fleece in complimentary colors/patterns.
2. Lay one piece of fleece on top of the other on a flat surface, making sure that the correct sides are facing outward.
3. Cut fringe (approximately 1 inch wide, 4-5 inches long) around the entire rectangle. Make sure you cut the two pieces of fleece simultaneously so the fringe strips are lined up.
4. You will need to remove a square of fabric at each corner.
5. Match up the two strips (one from each piece of fleece) and double-tie them.
6. Repeat around the whole blanket until all of the fabric strips are tied.

Note: *We welcome donations of any number of fleece blankets!*

Completed fleece blankets can be delivered or shipped to:
