## Great Job PSEC Churches!

I am incredibly proud and deeply grateful for the news I am about to share. With the impending close of our Conference financial books for 2018, our OCWM receipts from local churches and individuals were within \$1,500 of our 2018 OCWM budget of \$848,682. Since coming to our Conference five years ago, our OCWM shortfall has been in the \$20,000-\$30,000 range. In one year we cut that shortfall by more than ninety-four percent!

Furthermore, in the last week of the year, we received an anonymous, individual contribution to our Conference for \$2500. So dear friends, we can say, faithfully and legitimately, that we ended 2018 over our OCWM contribution budget by \$1,000!!! We will also close out the expense side of our financials underbudget.

This could not have happened without the generous hearts and souls of brothers and sisters in every local church making a difference on every Sunday with every offering. It could not have happened without the hard work of the lay and ordained leaders of our Conference who facilitate programs and events with a mindful eye on the faithful stewardship of our resources. And it could not have happened without the support of a dedicated Conference staff who push us every day in a “collaborative direction to effect for God and for good the lives of all people living in Southeast Pennsylvania and beyond.”

I am beyond proud of what we have accomplished. It’s hard NOT to wonder, what great thing can (and will) we do next?

Whatever it is, by the grace of God, it will be so!

Thanks be to God and to you!

Bill (Rev. William P. Worley, Conference Minister)
