Disaster Preparedness Workshop for Churches and Their Leaders

Saturday, September 28**9:00 am—4:00 pm****Jordan UCC, 1837 Church Rd., Allentown****Cost: \$15.00 per person**

Natural disasters and other emergency situations happen every day. Many of these disasters do not receive federal or state declarations. As church members we should understand what we can do in “Blue Sky Days” as well as when a specific event hits.

This event will explore:

- How you can prepare your church as a building
- How you can prepare your church as a community
- How you can prepare your church to be ready to serve your wider community when a disaster event occurs.

Church Space Needed for Receiving CWS Buckets, Kits

Does your church have space to store, for a short time, 20-30 of these buckets, as well as other kits? CWS Kits are small packages of supplies assembled by volunteers and shipped to families and communities in need around the world – especially in the aftermath of disasters.

There is a great need around the world for these kits. Many of our churches are assembling them. What we need at this time is a church that will receive them and store them until we can deliver them to the CWS warehouse. You will not have to store them for long. The intention is that these supplies will be rushed to people who need our help.

To find out more, contact our Conference Disaster Coordinator, Karl Jones, at kjones275@comcast.net or 570-617-4018. For more information on the kits, go to <https://cwskits.org/>.

Walking with God 2019 “Befriending Your Inner Critic”

When: November 1-2, 2019

Registration: 4 pm Friday
