UCC "Peace and Love" Face Masks

Keep yourself and loved ones safe during the COVID-19 pandemic with UCC face masks. Masks are constructed of two layers of lightweight moisture-wicking polyester fabric with elastic ear loops and a pocket for a removable filter (not included) to keep yourself as safe as possible from the virus. A HEPA filter would work well. Washable with filter removed. Hang to dry. Very stretchy and fits most with ease. These are non-medical grade masks.

We may have to wear masks, but we don't have to hide who we are. Be the church as we pray for rapid resolution to the pandemic and the safety of family, friends, and those on the front lines.

Proceeds from sales support the mission of the United Church of Christ and fund the National Setting's ability to continue to respond to the ongoing needs of the church in these times of pandemic.
