Addiction & Recovery Taskforce: Invitation

The PSEC Addiction and Recovery Task Force has been developing resources for the PSEC member churches over the last number of months. The task force members are individuals committed to the cause of helping our church members and pastors grow in their love and support of people and families suffering from addiction. We hope you have visited our webpage on the PSEC website. Resources of all kinds are there, from basic education to theological essays to personal witness. Now that the Covid closures are coming to an end, it may be the right time for your congregation to become more involved. You can start by doing some simple things.

Ask a local county drug and alcohol educator to an informational meeting at your congregation. Invite the community. Personal testimony is impactful in the right setting. If you are in Bucks County you can offer your church parking lot as a site for Narcan distribution. Join our task force or just attend a meeting. Anyone can attend our next task force meeting and learn about upcoming projects. Everyone can invite one of our group to converse with you to help advance your outreach to those in need of love. Call! Email! Text!

The Committee Contact List can be found at the bottom of the task force's webpage. Find our webpage at psec.org under tab "Missions & Ministries" and subtab "Justice & Witness" you will find the "Addiction & Recovery Task Force" page!

General Synod 33, the first entirely virtual General Synod, begins today. Below are just a few of the items you can order from UCC Resources (uccresources.com) to remember General Synod 33, which will certainly be different from all the rest. It isn't too late to join as a visitor. Just go to generalsynod.org.
