Keep Believing!

Below is a post that Rev. Cean James shared on his Facebook page. Words of wisdom for all of us...

“I have been contemplating this post for days, worried that someone might take this as boasting. But I have seen way too many posts over the past couple of weeks bemoaning the demise of Christ's Church. Right now, it seems like the very people who ought to be lifting the name of Jesus Christ, are all talking about how the church is dead. For all the young pastors and church leaders who are trying to navigate your way through this season and wondering "whose report should you believe," here is our report.

Since the beginning of 2020, 137 people have joined Salt & Light, in-person and online. We started baptizing again to start this year and have put exactly 62 new believers in the water. We prayed for our under 18 crowd this Sunday; there were about 40 of them in church. Don't let anyone tell you that the Lord is not still saving souls. As God told Elijah, there will always be a remnant. Your labor is not in vain!

- Keep preaching
- Keep teaching
- Keep evangelizing
- Keep singing
- Keep serving
- Keep praying
- Keep worshipping
- Keep giving
- Keep BELIEVING!

In 27 years of ministry, I have never been as excited about what the Lord is doing as I am right now! God's work is pandemic proof, and our faith need be too. Pick your head up preacher, and get back to doing what the Lord called you to do, and don't let anyone or anything turn you around!"
