The Christmas Fund

... “[The Magi] set out and there, ahead of them, went the star that they had seen in the east, until it stopped over the place where the child was. When they saw that the star had stopped, they were overwhelmed with joy.” Matthew 2: 9-10

The Christmas Fund has been caring for active and retired clergy and lay employees of the United Church of Christ for over 100 years, providing emergency grants, supplementation of small annuities and health premiums, Christmas “Thank You” gift checks each December to our lower-income retirees.

This year, we rejoice at the opening of possibilities for gathering and worshipping together again, as we anticipate the good news of great joy at Christmas. Still, challenges remain for many of our pastoral leaders who continue to experience loss of income as congregations struggle with budget shortfalls.

Please show your continued gratitude for our active and retired UCC clergy who need our support by encouraging your congregation to give generously to the Christmas Fund this year.

From the Addiction & Recovery Taskforce: Fentanyl strips

The Pennsylvania Department of Health reports that of the 5,343 overdose deaths that occurred in PA in 2021 78% involved fentanyl. It is odorless, tasteless and cannot be easily detected. It is often found in street drugs without the user being aware it is there in what could be a deadly dose.

Until November 3, the state of Pennsylvania classified fentanyl strips as drug paraphernalia. On that date Governor Wolf signed a bill making them legal. These strips would allow people to test drugs before use, which may save their lives. This is part of Harm Reduction initiatives being brought forward across the country. As of January 2023, these strips will be available from nextdistro.org and other resources.
