STATISTICS FOR 2021

This volume is designed primarily to provide statistics and a directory listing for the year 2021 as reported by local churches and Conferences of the United Church of Christ. The Yearbook & Directory also provides an organizational directory of the United Church of Christ which includes the addresses of the various offices, authorized ministers and the names of the persons elected by the General Synod to constitute the governing board of the Ministries and other bodies.

As a result of the ongoing global pandemic in 2021 and varying limitations on in-person worship gatherings, the 2021 worship attendance numbers may not align with churches' numbers in previous years, both before and since the pandemic.

In addition, virtual worship continues to be a widespread practice during this time; while the Yearbook has not yet been redesigned to report these numbers, a summary of these trends for 2021 is provided on page 12 of the Yearbook. A more detailed exploration of virtual worship will be available in the 2022 Statistical Profile (available at ucc.org/research) in Fall 2022.

The material is compiled from information supplied to the Center for Analytics, Research & Development, and Data by the Conferences, Churches, Ministries and other bodies of the United Church of Christ.

FEDERAL INCOME TAX EXEMPTION THE UNITED CHURCH OF CHRIST

The Internal Revenue Service issued a letter ruling on June 10, 1964 granting a group tax exemption to the United Church of Christ and its conferences, associations, synods, councils, and educational, charitable, and religious organizations as listed in the Yearbook & Directory. Local Churches are included in the United Church of Christ group tax exemption.
